Payday 2 is an open world crime game, it has a modern feel to it, and it is very addicting to play. In order to play Payday 2 you will need the game client, which can be downloaded for free from the Payday 2 website. The client will then download all of the latest patches, the game and all of the DLC. Most important are the heist packs. Payday 2 is a sandbox game where you can play as one of the four characters. These four characters are the four members of the Payday crew that everyone has heard of and have been in the media for a while. The story of Payday 2 is very simple: the crew get into trouble, the crew get out of trouble, and then the crew get more trouble. As a result of this problem, the best way to play Payday 2 is a heist map. The Payday crew load up the map of the heist they want to do, and once they are done, they can open up a safe, to collect money and supplies. The supplies can be used to buy modifications for your guns and in game items. In order to play Payday 2, you will need to download the game client, which can be downloaded for free from the Payday 2 website. After you download the client, it will download all of the newest patches for the game, including all of the DLC. Most important are the heist packs, which are the heist maps that can be played solo and cooperatively. Payday 2 is a sandbox game, so you will have to complete all of the heist maps before you can proceed to the next heist. The only story or main route that you have to follow in Payday 2 is the first heist. This heist follows the crew through the first person. In order to open a heist, you will need to clear the entire map of all enemies. You will be able to rescue civilians, fight them off, and also buy weaponry in the safe. The safe can be found in any house, bar, or other safe location. The safe contains money, firepower, and also essential supplies. Unfortunately, if a character is killed in Payday 2, the game will crash, and you won't be able to continue. Payday 2 contains a lot of different weapons. When starting out in Payday 2, I would recommend getting a shotgun. I was able to get a suppressor by saving up money. The shotgun
